

MegaMillions Hits World Record Breaking \$476M:

March 30, 2012

Seven-Time Lottery Winner Richard Lustig on How to Increase Your Odds?

This **Friday's MegaMillions drawing** will be for a **world record breaking \$476 Million**, exceeding every previous lottery jackpot in all of human history.

This comes after no one matched all six numbers in last night's \$363M drawing. No player has matched all five numbers and MegaBall since January 24th.

With such an astronomical sum money at stake, how can players **increase their chances** of winning this prize? And how can lottery winners **manage** their new-found wealth?

Richard Lustig – the **seven-time lottery grand prize winner** and author of “**Learn How To Increase Your Chances of Winning The Lottery**” — has answers. Richard Lustig has collected wins totaling over **one million dollars**, including **seven** grand prizes. He claims that his winning **strategy**, not luck, is behind his wins. Another couple following Richard's advice recently won a grand prize of over **two million dollars**.

Richard is hitting the airwaves to discuss this week's MegaMillions, as well as his own lottery wins. Interest in Richard's advice has been growing worldwide, especially with so many people facing economic distress. *"Playing the lottery using my method may actually be safer than putting your money in the stock market these days"*, he says, only *half-joking*.

Questions Richard will answer include:

- How players can increase their odds of winning the \$476M prize?
- What strategies are best when playing for such a major jackpot?
- How to play the lottery without damaging your economic security?
- How he developed his method for winning big?

Richard Lustig has most recently been featured on **Good Morning America**, **The Rachael Ray Show**, **NPR**, **CNN Headline News**, **FOX News Channel**, **TLC**, **Eyewitness News 9 Orlando**, **Bloomberg TV**, **CTV Canadian Television**, **The Mancow Muller Show**, **The Jim Bohannon Show**, **WPTV West Palm Beach**, **Real Radio 104.1**, **American Scene**, **CBS Radio**, **USA Radio Network**, **Business Talk Radio Network**, and on several other leading outlets.
